1. Absolutely MUST have speed control from School east to the stop sign at Crown Hill
2. Would like to see equal width of side walk on Wornall Rd both sides
3. But the entire area needs a lower speed 15-20 mph.

SAFE STREETS & SIDEWALKS

I come today because I live downtown (The Oaks) & I
was interested in possibly have some sidewalk on
Hempden Ave. Levelled by "My Best Friend's Barber"
and just past 'The Montgomery' where a bench sits -
It would make walking much safer to have level sidewalks.

Personally, I do not think we should be focusing on the westside business district as the top priority with Cornerstone Elementary being built, there needs to be sidewalks down Wornall as soon as possible. As a runner, I don't feel as safe running in Excelsior as I do in Liberty or Kearney, because they have the infrastructure. There are a lot of good things being proposed here. Even if the intersection of Wornall and McClure does not get a ~~roundabout~~ roundabout, I do think it needs to become a 4 way stop, because people fly over the hill dividing Cherry Hills and Madison Park.
