1	Yes, we need to have sidewalks on Wornall road if there is going to be a school there. This should be the city's number one priority, if you decide to do anything else first then you will get a lot of backlash.	3/28/2021 10:48 AM

7	Yes, on the Wornall/CrownHill/Lodwick area because of being near schools. The Pedestrian bridge over 69 could be a nice plus for the same reason. A definite NO on Jesse James Rd because no children should be hanging in a business area without adults anyway. NO on the Wornall/McCleary area, because both housing areas near that intersection have sidewalks and should be child safe. Kids can use the sidewalks in the neighborhoods to stay safe, even to get to the new school that will be in the area. Also note that bicycles shouldn't be using sidewalks anyway unless adults are supervising *young* children riding bikes on the sidewalks. .	3/17/2021 11:02 PM

I do Not feel a roundabout is safe for pedestrian crossing or drivers. I feel traffic having to stop for pedestrians will be causing issues when roundabouts are for continuous flow of vehicles. During busy traffic volume stop signs are safer for all than yield signs that people barely slow for. I feel this proposed plan is actually more dangerous than current situation. At least the vehicles are suppose to stop and look which I believe is safer than a flow of movement barely yielding
